MANAGEMENT DISCUSSION & ANALYSIS:

Economic Scenario and Outlook:

The economic growth in India accelerated in Fiscal Year 2016, is projected to decline to 7.4% because of slowdown in the public investment and declining exports. The global growth is projected at 3.4 percent in 2016. The Investment will pick up gradually as excess capacity will fade and deleveraging continues for corporations and banks.

The Indian manufacturing sector seems to be emerging from an almost stagnant state in the recent past and heading towards a path of growth. This has been acknowledged by various multilateral organizations, which recently described the Indian economy as one of the few bright spots in the global economy. While investments in some of the core sectors remain a matter of concern, the economy is expected to do better in months to come. Similarly, Start-up India will supplement the government's efforts to encourage manufacturing in India.

ANNEXURE - B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **AMIT SECURITIES LIMITED** ("the Company") as of 31st March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that

receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant Accounting Policies

Basis of Preparation

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. GAAP comprises mandatory accounting standards as prescribed by the Companies (Accounting Standards) Rules, 2006, the provisions of the Companies Act, 2013 and guidelines issued by the Securities and Exchange Board of India (SEBI). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

1. Accounting Policies

a. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future period.

b. Tangible Fixed Assets

"Fixed assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. "Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard performance. All other expenses on existing fixed assets, including day to day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred."

c. Depreciation

Depreciation on Fixed Assets are provided for in accordance with Schedule II of the Companies Act 2013 on Straight Line Method. In respect of Additions made during the year, Depreciation is charged on prorata basis from the date of Addition.

d. Investments

"Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments. "All investments are usually measured at cost. "Current investments are carried in the financial statements at lower of the cost and fair value determined in on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the Investments."

e. Provisions & Contingent Liability

"The Company recognized a provision when there is a present obligation as a result of past event, and a reliable estimate can be made of the amount of the obligation. Provisions are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each

reporting date and adjusted to reflect the current best estimates. "The liabilities or obligations, which cannot be crystallized but loom in horizon, are disclosed as contingent liabilities."

f. Inventories

Stock In Trade of Shares is Valued at Cost or Realisable value which ever is lower on FIFO Basis.

g. Income Tax

"Tax expenses comprise current and deferred tax. "Current tax comprises Company's tax liability for the current financial year as well as additional tax paid, if any, during the year in respect of earlier years on receipt of demand from the authorities. For computation of taxable income under the Income Tax Act, 1961, accrual basis of accounting has been adopted and consistently followed by the Company. "Deferred tax assets and liabilities are computed on the timing differences at the Balance Sheet date using the tax rate and tax laws that have been enacted or substantially enacted by the Balance sheet date. Deferred tax assets are recognized based on management estimates of reasonable certainty that sufficient taxable income will be available against which such deferred tax assets can be realized. Unrecognized deferred tax assets of earlier years are re-assessed and recognized to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realized."

h. Retirement and Employee Benefits

The Company has defined Benefit plans namely leave encashment and gratuity for all employees which is accounted for by the Company on accrual Basis

i. Revenue Recognition

- (ii) Dividend income is recognised when the right to receive the payment is established.
- (iii) Interest income is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

j. Earning Per Share

"Earnings per Share (EPS) are computed on the basis of net profit after tax for the year. The number of shares used in computing basic EPS is weighted average number of shares outstanding during the year. "The diluted EPS is calculated on the same basis as basic EPS, since there are no dilutive equity shares."

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of

management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company and its associate company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Consolidated financial statements for the year ended March 31st, 2016

Basis of Preparation

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. GAAP comprises mandatory accounting standards as prescribed by the Companies (Accounting Standards) Rules, 2006, the provisions of the Companies Act, 2013 and guidelines issued by the Securities and Exchange Board of India (SEBI). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

1 Accounting Policies

a. Use of Estimates

The Consolidated Financial Statements ("CFS") have been prepared in accordance with GAAP requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the Consolidated financial statements and reported amounts of income and expenses during the period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future period.

b. Principles of Consolidation

"The Consolidated Financial Statements relate to Financial Statements of Amit Securities Limited and its Associates. The consolidated financial statements have been prepared on the following basis""Investment in Associates (entity over which the group exercises significant influence, which is neither a subsidiary nor a joint venture) are accounted for using the equity method in accordance with Accounting Standard 23 "Accounting for Investments in Associates in Consolidated Financial Statements", whereby the investment is initially recorded at cost, identifying any goodwill/capital reserve arising at the time of acquisition. The carrying amount of the investment is adjusted thereafter for the post acquisition change in the investor's share of net assets of the investee."

c. Tangible Fixed Assets

"Fixed assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost group purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price."Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard performance. All other expenses on existing fixed assets, including day to day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred."

d. Depreciation

Depreciation on Fixed Assets are provided for in accordance with Schedule II of the Companies Act 2013 on Straight Line Method. In respect of Additions made during the year, Depreciation is charged on prorata basis from the date of Addition.

e. Provisions & Contingent Liability

"The Group recognized a provision when there is a present obligation as a result of past event, and a reliable estimate can be made of the amount of the obligation. Provisions are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and

adjusted to reflect the current best estimates. “The liabilities or obligations, which cannot be crystallized but loom in horizon, are disclosed as contingent liabilities.”

f. Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of such long term investments. On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

g. Inventories

Stock In Trade of Shares is Valued at Cost or Realisable value which ever is lower on Fifo Basis.

h. Income Tax

"Tax expenses comprise current and deferred tax. "Current tax comprises Group tax liability for the current financial year as well as additional tax paid, if any, during the year in respect of earlier years on receipt of demand from the authorities. For computation of taxable income under the Income Tax Act, 1961, accrual basis of accounting has been adopted and consistently followed by the Group."Deferred tax assets and liabilities are computed on the timing differences at the Balance Sheet date using the tax rate and tax laws that have been enacted or substantially enacted by the Balance sheet date. Deferred tax assets are recognized based on management estimates of reasonable certainty that sufficient taxable income will be available against which such deferred tax assets can be realized. Unrecognized deferred tax assets of earlier years are re-assessed and recognized to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realized."

i. Retirement and Employee Benefits

The Group has Defined Benefit plans namely leave encashment and gratuity for all employees which is accounted for by the Group on accrual Basis.

j. Revenue Recognition

- (i) Revenues are recognized to the extent that it is probable that economic benefit will flow to the Group and revenue can be reliably measured.
- (ii) Dividend income is recognised when the right to receive the payment is established.
- (iii) Interest income is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

k. Earning Per Share

"Earnings per Share (EPS) are computed on the basis of net profit after tax for the year. The number of shares used in computing basic EPS is weighted average number of shares outstanding during the year. "The diluted EPS is calculated on the same basis as basic EPS, since there are no dilutive equity shares."

l. Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit/ (loss) before tax is adjusted for the effects of transactions of a non-cash nature. The cash flows from regular revenue generating.

m. Goodwill on acquisition

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.
