**Defence corruption case: Former Samata Party chief Jaya Jaitley, 2 others get 4 years in jail**

New Delhi A Delhi court Thursday awarded 4-year jail term to ex-Samata Party President Jaya Jaitley and two others for corruption in a 2000-01 case related to a purported defence deal, a lawyer said.

Special CBI judge Virender Bhat also awarded 4-year jail term to Jaitley's former party colleague Gopal Pachherwal and Major General (ret) S P Murgai in the case, Murgai's advocate Vikram Panwar said.

The court, in a proceeding held in camera, also imposed a fine of Rs 1 lakh each on all three convicts and directed them to surrender before it till 5 PM today.

The three were held guilty of corruption and criminal conspiracy in the purported purchase of hand-held thermal imagers.

The case stemmed from a sting, 'Operation Westend' aired by news portal Tehelka in January 2001.

Cost has been a major concern with the entire project already hitting estimates of over USD 300 million. The project is complex with several tunnels and bridges required.

Sources said China wanted Nepal to share the costs but that has delayed matters. Many feel that before the railways China will come up with road projects in Nepal because of the feasibility and cost concerns.

**Manipur: 3 soldiers of Assam Rifles killed, 6 injured in violent ambush near Indo-Myanmar border**

Kolkata. Three soldiers of Assam Rifles have been killed while six others are left injured in a deadly ambush on the Army unit near the Myanmar border in Chandel district south of Imphal in Manipur. The ambush took place late on Wednesday night at a location 100 km south of Imphal near the Myanmar border in Sajik Tampak in Chandel district.

On July 29, the Assam Rifles personnel had launched an area domination patrol in Khongtal when the patrol team was returning, insurgents detonated an IED and opened fire. Around 6 jawans have sustained minor injuries and have been shifted to a military hospital in Leimakhong in Imphal West District.

**Mumbai: Tally of tests conducted for coronavirus crosses 5 lakh-mark**

Mumbai. Mumbai's civic body, the Brihanmumbai Municipal Corporation (BMC) tested 11,643 samples for the novel coronavirus on Tuesday, its highest in a single day. With this development, Mumbai crossed the threshold of five lakh tests for the detection of Covid-19 on July 29.

The average growth rate of patients is less than 1 per cent in Mumbai while the doubling rate is now 72 days. As per the latest bulletin, there are 20,251 active cases in the city. Of the five lakh tests conducted in Mumbai, 4.76 lakh tests were RT-PCR tests while the rest were rapid-antigen tests. The first Covid-19 test in Mumbai was conducted on February 3. Reverse transcription-polymerase chain reaction (RT-PCR) tests are considered to be the most accurate for the detection of Covid-19.

Initially, the city recorded one lakh tests from February 3 to May 6 followed by the two lakh tests-mark on June 1. It took 25 days for the testing capacity to double. On June 24, three lakh tests had been conducted in the city, another gap of 23 days from the two lakh tests-mark. Similarly, four lakh tests had been conducted by July 14, 20 days since Mumbai's tally of tests crossed three lakh. With five lakh tests being recorded until Wednesday, it took merely 15 days for the total number of Covid-19 tests in Mumbai to climb from four to five lakh.

Data shows that as the total number of tests continues to rise, the intervals between them are constantly decreasing, which means that the number of average tests each day has increased. A total of 11,643 tests were conducted on July 24, Mumbai's highest single-day tally. Earlier, as many as 8,776 tests were conducted in the city on July 27. This indicates that the daily average testing capacity has more than doubled in comparison to the previous daily average of tests conducted. While the number of daily tests in Mumbai has increased, the average number of new patients has come down. At the same time, the recovery rate of Covid-19 patients has improved.

Owing to this, the number of active patients undergoing treatment is also falling. As many as 1,11,991 patients have tested positive for the infection in Mumbai, including 85,327 patients who have recovered. There are 20,123 active cases in the city to date.

**Mumbai: Restrictions in containment zones won't be eased yet, says BMC**

Mumbai The Additional Municipal Commissioner of Brihanmumbai Municipal Commission has said that restrictions have not been eased out in containment zones as is being perceived by some. "There is no easing of restrictions in containment zones. We can't take things lightly even now. Though the figures of coronavirus situation are good and show that our efforts are bearing fruit but it is a long drawn battle and we have to fight it together," Suresh Kakani told India Today.

The number of containment zones in Mumbai currently stands at 622 and the total number of positive coronavirus cases in these zones is 30,781. As many as 5,960 buildings remain sealed in the city.

BMC released official figures on Wednesday saying that 916 patients were discharged in 24 hours and the total number of recovered patients in the city is 85,327. The overall recovery rate is at 76% and the doubling rate is 72 days. Mumbai now has 20,123 active patients of coronavirus. The total tally of coronavirus cases in the city stands at 1,11,991 and the death toll is 6,247. The numbers may be coming down but BMC officials say they are keeping a strict vigil on the containment zones and sealed buildings. BMC feels if things slip out of hand in these zones then things could get dangerous for the city. Asked whether the BMC has eased

norms on the number of the floors to be sealed in a building where a case has been reported, the AMC said that the local authority would judge this on a case to case basis. "If a coronavirus case is found in a small building it makes sense to seal the entire building but if there is a case in a larger building it is better to seal the floors rather than the building. But still it is the local

authority which will take a call as they have a better understanding of the area," said Kakani.

The BMC has also claimed that the daily testing figures have reached the highest mark. On Tuesday, the testing figures were at 11,643. The civic body says that figures show how the coronavirus figures are going down and testing numbers are going up.

Cabinet Minister Aadiya Thackeray revealed the city's testing figures on Twitter on Wednesday. He tweeted, "Testing: 11643(Highest ever); Positive: 1104 cases; Positivity: 9.48% (was 24 % a fortnight ago); Hospital covid beds vacant: 7178 (5018 O2 beds); ICUs vacant 204""If a coronavirus case is found in a small building it makes sense to seal the entire building but if there is a case in a larger building it is better to seal the floors rather than the building. But still it is the local authority which will take a call as they have a better understanding of the area," said Kakani.

The BMC has also claimed that the daily testing figures have reached the highest mark. On Tuesday, the testing figures were at 11,643. The civic body says that figures show how the coronavirus figures are going down and testing numbers are going up.

**Ninth century Lord Shiva statue to be returned to India**

\*A rare late ninth century stone statue of Lord Shiva, which was stolen from a temple in Rajasthan and smuggled to the UK, will be returned to the Archaeological Survey of India (ASI) on Thursday.

Governor Mishra clearly mentioned that the event will not be held this year due to the rising number of coronavirus cases in the state.

Jaipur. Rajasthan Governor Kalraj Mishra has cancelled Independence Day 'At Home' programme in view of the coronavirus situation in the state. His decision also indicated that the state assembly session will not be allowed anytime soon. The Independence Day 'At Home' programme is usually held at Raj Bhavan every year on August 15. However,

With regards to the convening of the assembly session, it may be noted that the Ashok Gehlot-led Rajasthan government had replied to the queries raised by Rajasthan Governor on the proposal seeking convening of Assembly session. In its reply, the cabinet responded to the three queries raised by Governor Kalraj Mishra in his letter, sent while returning the Gehlot government's proposal seeking convening of the assembly session. The Gehlot government

has also claimed that the governor, by not agreeing to its demand of calling the assembly session, has violated provisions of the Constitution. "The Rajasthan government, after he cabinet meeting has conveyed to the governor that he does not have the right to not follow the proposal sent by the cabinet. The government has also conveyed that by not agreeing to the proposal of convening the assembly session, the governor has violated provisions of the Constitution," Pratap Singh Khachariyawas, a cabinet minister in the Rajasthan government told India Today TV.

The governor, however, had raised questions regarding 21 days' notice to be given before an assembly session is convened. He had also raised questions about whether a floor test will be conducted, and how the government plans to ensure social distancing if the assembly session is convened. The Rajasthan government had earlier accused Governor Kalraj Mishra of acting under pressure from the Centre. Rajasthan has been witnessing a dramatic political crisis for more than two weeks now.

**No virus in Covid patient's body after few hours of death, family can perform last rites: Andhra Deputy CM**

Hyderabad Andhra Pradesh Deputy Chief Minister and Minister of Health Alla Kali Krishna Srinivas (Nani) said that families of deceased Covid-19 patients can perform last rites of the victim after a few hours of death. Andhra Health minister Alla Nani on Wednesday claimed that there will be "no virus" in the bodies of Covid-19 patients after few hours of deaths. "There will be no virus in the bodies after a few hours of death and the family members or relatives can perform the last rites. The government will perform the last rites of the deceased if nobody comes forward and Rs 15,000 will be given for last rites," Alla Nani said.

The guidelines, however, announced by the Centre on handling the bodies of Covid-19 patients who died due to the infection does not say if the virus dies after few hours of the patient's death.

Andhra Deputy CM Alla Nani made the statement on Wednesday following his visit to East Godavari district after sharp increase in Covid-19 cases. During his visit, he went to Rajahmundry GGH and reviewed the coronavirus situation with doctors and district officials.

Later speaking to the media, Alla Nani announced the addition of three more Covid hospitals to the existing six in the district along with increased bed strength and doctors. Apart from Covid hospitals, one more Covid care centre will be added for timely treatment. The state health minister also refuted allegations on the delay of Covid-19 test results and clarified that there was no delay in letting out the results and all the tests are being processed within 24 hours. Alla Nani said Andhra Pradesh Chief Minister YS Jagan Mohan Reddy "will soon initiate Covid screening for every family across the state".

Rejecting the claim made by leader of opposition Chandrababu Naidu of Andhra government's "failure" amid rising number novel coronavirus-related deaths.

**Noida: Father arrested for raping 13-year-old daughter**

Noida. A 45-year-old man was arrested for allegedly raping his minor daughter in Uttar Pradesh's Noida on Wednesday, police said. The man, a labourer hailing from Bihar, would often get drunk and force himself upon his 13-year-old daughter, a senior police official said. A complaint was filed by his wife at the Phase 2 police station on July 24. Deputy Commissioner of Police (Women Safety) Vrinda Shukla said. "The woman alleged in her complaint that her husband would rape their daughter after consuming alcohol but the fear of public shame and disrepute to the family kept her from approaching the police initially," Shukla said. The DCP said the accused was arrested on Wednesday after registration of an FIR and initial probe. He has been booked under Indian Penal Code section 376 (rape) as well as the Protection of Children from Sexual Offences (POCSO) Act, 2012, the police said, adding further proceedings were underway.

a) The above results were reviewed by the Audit Committee and approved by the board of directors at its meeting held on 30th July 2020.

b) The above is an extract of the detailed format of quarterly/year ended Financial Results filed with stock exchanges under Reg 33 of SEBI (listing Obligations and Disclosure Requirements) Regulations, 2015. The full Financial Results are available on the websites of the Stock Exchange (www.bseindia.com) (www.mseil.com) and on the Company's website (www.commextechnology.com)

c) Disclosure of Segment-wise information is not applicable as Software Development is the Company's only business segment.

d) Corresponding figures of the previous quarter/year have been regrouped, recasted and reclassified to make them comparable wherever necessary.

e) Exceptional or Extraordinary items adjusted in the Statement of Profit and Loss in accordance with Ind-AS Rules/AS Rules, whichever is applicable.

f) The consolidated financial statements for the year ended March 31, 2020 are prepared in accordance with AS-21 and AS-27 notified under section 133 of The Companies Act, 2013.

g) Although as per the Audited Balance Sheet of the Company for the year ending on 31-3-2020 the Share Capital and General Reserves of the Company are fully eroded due to past losses and write off of all the obsolete assets during the earlier years and Net Current Assets are in the negative, due to short term liabilities being heavy, the Company intends to revive its business and continue its market activities as a Software Developer. The Company is in talks with few strategic investors who are keen on making long term investments in the form of Equity. The talks with the investors are fairly at an advanced stage and the Management was confident that the proposed investments are likely to fructify in the third or fourth quarter of the current Financial Year 2019-20. However, the lockdown imposed by the State Government in Maharashtra and the Central Government due to pandemic due to Covid-19, have been a major set back in this directions and the discussions are likely to fructify only after normalisation of the business environment, post Covid-19. The Company also intends to resolve various issues with the current investors & lenders and come to an amicable settlement with them, paving way for the revival of the Company very soon. Hence, in the opinion of the Management of the Company, the Company can be treated as Going Concern.
